

Histo's final Citations Index

Colour coded below to hard copy files

This is a list of all Items in Histo, primarily to provide the full details of the citation for each. Unique and broadly sequential Item Numbers (in Column D) position the material in order in the 20 or so hard copy volumes of printouts.

ITEMS in red are not available on this website.

Newspapers or journals with multiple entries. **NB.** Some out of sequence & left there to maintain the integrity of the Index
