Item No. 54.5
1986. Gatten Estate Game and Fishing Book
PDF 1 of 2

The double-page spreads are of the Gatten Estate Game Book lent to Tom Wall by Mrs Jane Hulton-Harrop in March 2014.

Two PDF files give, in sequence, the left and then the right hand sides of the same 27 wide pages of the Game and Fishing book.
PDF1 covers pages 1-15, PDF2 covers pages 16-27.

The pages include entries for Red Grouse (on 21 pages), Pheasant (18), Partridge (16), Woodcock (12), Quail (1), Wild Duck (6), Snipe (12) and Black Game (2, pp.1,7) together with hare, rabbit and 'Various'.

Shooting locations, often away from the Gatten Estate, are given on the Where Killed column and include for example the Bog, to the south of the estate and Longnor Hall etc.

The entries are discontinuous and cover the period 12 August 1911 to 12 August 1986 over the following periods:

August 1911 to January 1912
August 1932 to December 1936
October 1952 to August 1974
August 1982
November 1985
August 1986

We are very grateful to Mrs Hulton-Harrop for making the material available first to Tom Wall and, in early 2014, to this website.
